Board Accepts Settlement Agreement with Indiana Surveyor

At its meeting on July 10, 2008 the State Board of Registration for Professional Engineers and Surveyors accepted a settlement agreement from **Haldon L. Ashton and Ashton Land Surveyor Inc. of Muncie, Indiana.**

In January 2008 the Board received a complaint alleging that Haldon L. Ashton, an unlicensed individual, prepared engineering drawings for sediment and erosion control and prepared utilities and storm water calculations for a project located in Marysville, Ohio. The plans were submitted through Ashton's company Ashton Land Surveyor Inc. After the Board completed its investigation Ashton agreed to enter into a settlement agreement with the Board in which he and the company agreed to immediately cease and desist the unlicensed practice of engineering and surveying.
